

### Faculty pursuing Ph.D

| S.No | Name                     | Department    | Year of Ph.D Registration | Title   | University with name of state                  |
|------|--------------------------|---------------|---------------------------|---|--|
| 1.   | Ms. Shikha Chander       | CHEMISTRY     | 2018                      | Electrochemical capacitor of different carbon materials   | University of Technology, Jaipur               |
| 2.   | Ms. E.V.L Madhuri        | CHEMISTRY     | 2014                      | Synthetic studies of new spirochromanone and eugenol derivatives: their biological evaluation and docking studies | Telangana University , Telangana               |
| 3.   | Ms. M.Bhargavi           | CHEMISTRY     | 2017                      | Application of insilico techniques for design of new chemical entities against cancer                             | Osmania University, Telangana                  |
| 4.   | Ms. Shruthy D. Pattathil | CHEMISTRY     | 2017                      | Synthesis and characterization of doped polyaniline   | Gulbarga University , Kalaburagi               |
| 5.   | Ms. B. Prashanthi        | CHEMISTRY     | 2019                      | Green Methodologies in synthesis to replace conventional methods  | Mahatma Gandhi University, Nalgonda. Telangana |
| 6.   | Ms. Dhanya               | Chemistry     | 2019                      | Environmental & Analytical Chemistry – Remediation of REE'S   | BITS, PILANI, Hyderabad Campus                 |
| 7.   | Ms. Gayatri. Y           | Microbiology  | 2012                      | Role of Microbial-Iron nanocomposites in biotransformation of heavy metals released from E –waste.                | JNTUH, Telangana                               |
| 8.   | Ms. Arsheen              | Microbiology  | 2017                      | Natural plant extracts and nanomaterials as potential antimicrobial agents in treating diabetic wound infections. | Osmania university, Telangana                  |
| 9.   | Ms. Sunita D             | Microbiology  | 2017                      | Nanocomposites as biofertilizers  | Osmania university, Telangana                  |
| 10.  | Ms. Devy K               | Physics       | 2018                      | Synthesis of Cobalt Ferrite by reverse miscelles for biomedical applications                                      | Bharathidasan University, Tiruchirapalli       |
| 11.  | Ms. Deepa Switha         | Biotechnology | 2013                      | Genetic & Molecular Assessment of PCOD in South Indian Population   | Osmania University, Telangana                  |

|     |                         |                    |         |  |   |
|-----|-------------------------|--------------------|---------|--|---|
| 12. | Ms. Parsi Kalpana       | Computer Science   |         | Security Cloud Computing   | Osmania University, Telangana                     |
| 13. | Ms. H Lakshmi Mittipati | Mathematics        |         | Composite bond inspection by ultrasonic waves  | JNTUH, Telangana                                  |
| 14. | Ms. G Sony              | Biochemistry       | 2014    | Biochemical studies on modulation of Diabetes by various extracts of pterocarpus santalinus                      | Sri Padmavati Mahilavisva Vidyalayam, AP          |
| 15. | Ms. Kanchana            | Biochemistry       | 2015    | Neuro protective effect of indigofera tirinelveica   | Bharathidhasan University, TN                     |
| 16. | Ms. Ritika              | Biochemistry       |         |  |   |
| 17. | Ms. K Harshitha         | Psychology         |         | Enhancing job fitment skills through personality assessment & training   | Osmania University, Telangana                     |
| 18. | Ms. S Geeta             | Psychology         |         | Grit, Self & academic regulation, achievement personal effectiveness CAT aspirants                               | GITAM University, AP                              |
| 19. | Mr. P Clement           | Mass Comm          | 2018    | Study of film fan clubs of Telugu States   | Krishna AP  |
| 20. | Ms. Afshan              | Political Science  | 2011    | Communitarianism & Urdu Newspaper Discourse  | University of Hyderabad                           |
| 21. | Ms. Alice               | Economics          | 2014    | Micro finance livelihood creation or debt trap   | Osmania University                                |
| 22. | Ms. Margaret Francis    | Social Mgmt        | 2017    | Stress & coping strategies among married working nurses  | Osmania University                                |
| 23. | Ms. Mahnoor S           | BMS                | 2013-14 | Multigen Workforce   | Osmania University                                |
| 24. | Mr. M Srinivas          | B VOC              | 2017-18 | A study on relationship between level of financial literacy and impact on equity returns of the retail investors | Symbiosis international (Deemed University), Pune |
| 25. | Mr. Syed Farooq Kamal   | Physical Education | 2009    | EVDAE,CVFSP,PV among OU sport students   | IIT University, Rajastan                          |

|     |                     |            |         |                                     |                                       |
|-----|---------------------|------------|---------|-------------------------------------|---------------------------------------|
| 26. | Ms. Nida Suleman    | Commerce   | 2018    |                                     | Osmania University, Telangana         |
| 27. | Ms. K. Shree Jyothi | Management | 2015-16 | Commodity Derivatives               | KL University (Deemed University), AP |
| 28. | Ms. Hari Kalyani    | Commerce   | 2014-15 | Banking Sector                      | CESS, Hyderabad Telangana             |
| 29. | Ms. Vijayakumari    | Commerce   | 2015-16 | Micro Finance                       | CESS, Hyderabad Telangana             |
| 30. | Ms. Y Kalyani       | Commerce   | 2019    | MNC's impact on Global Value Chains | Symbiosis, Pune                       |
