Ravindra Kumar Pydi

Director

Apiculture Technology Centre (Bee Keeping),
Professor Jayashankar Telangana State Agricultural University,

For B.Sc. III A (BZC & BTZC) and III N (ANZC)

Date : 09 -12-2023 | Time : 09.00 A.M to 4.00 P.M | Venue : Rajendranagar

The Department of Zoology organized a workshop on the topic “**Entrepreneurship in Beekeeping for Honey production**” under DBT STAR COLLEGE (Strengthening Component) for the B. Sc IIIA and III N students. Around 65 students and 4 faculty members participated. The resource person for the event was Mr. Ravindra Kumar Pydi, Director, API. Culture technology Centre (BEE KEEPING), Bee House, Professor Jaya Shankar, Telangana State Agricultural University, Rajendran agar, Hyderabad - 500 030, Telangana, INDIA.

Objectives:

With a combination of hands-on experience and expert guidance, student will gain a deep understanding of honey bees, including:

- the natural lifecycle of honey bees, their biology, and ecology
- how to manage the hive across the seasons
- how to keep bees healthy – the pests and diseases you need to watch out for, what to do, and when to act
- the relationship between bees and flowers – pollination and plants

Outcomes:

- Students will understand Beekeeping (Apiculture) is an economically viable technology which has prime significance for human health care and nutrition.
- Students will get to know Beekeeping needs less space with low investment but fetches quick return and generates employment opportunity that can be done in homestead areas.
- Students can utilize their leisure time to earn money from this startup. Students will gain knowledge and skills required for pursuing beekeeping as an enterprise
