4th Feb
World Cancer Day
Theme 2025
"United by Unique"

For B.Sc. I, II & III year Students of Zoology

On the occasion of "World Cancer Day" the Department of Zoology organised an awareness program for the students of Ist, IInd & final year students of Zoology on 4th February, 2025. Prof. Anupalli Roja Rani, Head, Department of Genetics, Osmania University is the resource person. She spoke on the topic "**Cancer Infographs**" highlighting the risk of Cancer and its prevention. Around 200 students participated and benefitted by this talk.

Objectives:

To create cancer awareness amongst the students.

To dispel the myths that people wrongly believe.

To keep students informed about the signs and symptoms, and importance of screening for early detection.

To follow a healthy lifestyle, and sharing of survivor stories gives a message of hope and confidence.

Awareness about cancers and cancer screening procedures will help in early diagnosis and subsequent treatment and a better outcome.

Outcome:

Awareness about cancers and cancer screening procedures will help in early diagnosis and subsequent treatment and better results.
