Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		<p>Covid 19 provided to the Educators the quintessential adaptive and transformative challenge for which there is no precedence for ready reckoning. But at St. Francis a swift and prompt response to the situation helped them to continue with the academic schedule without much turbulence. Even as the situation demanded it, the college embraced the digital academic experience to continue with the teaching learning and evaluation process.</p> <p>The college reopened as usual on 15 June 2021, thanks to the completion of the previous academic year on schedule inspite of the pandemic. The online mode of teaching was adopted. The excellent arrangements for the online classes were facilitated by the college IT team to get the student interface for online classes. We were able to arrange Guest Lectures as usual but the change and the benefit was that we were able to tap expert resource from across the Country and Abroad.</p> <p>The online classes ensured that the syllabus was being taught on time and the teachers made all efforts to keep the students engaged and attentive. The teachers and students interacted regularly through the online classroom and clarified all the doubts the students had and even conducted revision tests for them using the google forms.</p> <p>Throughout the period of the lockdown till the exams were scheduled the staff mentors of every class kept in touch with the students providing academic and emotional counselling to keep up the morale.</p> <p>A list of Open Educational Resources was made available to the students through their class representatives and class mentors. Our students also enrolled enthusiastically and completed many courses on Swayam platform. College Library ensured that students were made available digital access to text books and journals. On request, reading material was scanned and sent to class teachers who then passed it on to students. Students could write to the library to get access to any specific book or journal which would then be scanned and sent to them.</p> <p>In addition to online teaching, a number of online resources are used by the faculty and students to share/access notes, assign tests and presentations and ensure that the best can be imparted to the students. Google meet and google classroom was used extensively for educational interactions, submission of assignments, clarification of doubts and conducting class tests</p> <p>A strong Wi-fi, provided for the teachers of the college ensured they could take the classes without any interruption. Personal calls were made to students who were facing challenges from their homes in remote areas. Study material and every moral support was provided to such students to enable them to keep abreast with the pace. The teachers have recorded their video lectures and uploaded on WhatsApp group for those who missed the classes due to some unavoidable circumstances as well as providing equal opportunity to access learning.</p> <p>The continuous assessment, the Internal Assessment and End Semester exams were conducted online and even on schedule. The teachers also prepared study e-materials as per the syllabus, taking online classes as per time table, after taking online classes, study materials being uploaded by them. Students found that the videos uploaded by the teachers were fascinating as they can see them again, pause and take notes when needed.</p> <p>Keeping in mind the challenges and stress the online teaching could result in for some students, Tele counselling was also provided for those who were in need of it.</p> <p>After few months of this exercise, we have understood that this was the best we could have done as our exams and all assessments could be scheduled and completed on time. As more and more colleges are now slowly beginning to replicate our model, we believe that our efforts in pioneering this initiative stands vindicated.</p> <p>We are glad that in spite of the pandemic our academic life was not disrupted.</p>	
3. The period of delay in completion of syllabus (in months).		0	
4. The period of delay in conducting exams (in months).		0	
Portal Name	No. of students offered online courses which have credit transferred to transcript	Total no. of online courses which have credit transferred to the transcript	Total no. of credits transferred to transcript
Swayam	0	0	0
5. No. of courses developed and available online on Swayam platform by your institution faculty		0
