

SEMESTER -VI
PROJECT & ONLINE COURSE IN CHEMISTRY

Program: B.Sc.
Course Code: U20/CHE/PRJ/601
Course Type: PRJ

Max. Marks: 100+50
No. Of Credits: 3+1

PROJECT

COURSE OBJECTIVES:

- To develop the skills to plan and design an experiment and to critically evaluate the results.
- To increase scientific temper in UG students

COURSE OUTCOMES:

CO 1: Plan and design an experiment and critically evaluate the results

CO 2: Write a scientific report on their experiment.

CO 3: Learn the art of literature survey and will have an expanded understanding of the use of research papers in enhancing their own experiments.

ONLINE COURSE

COURSE OBJECTIVE:

- To strengthen the self learning capabilities of the students.

COURSE OUTCOMES:

CO 1: Acquire the ability to explore the areas in Chemistry based on the interest and skills.
